

Introduction to Computers

LDU Factorization

Documentation

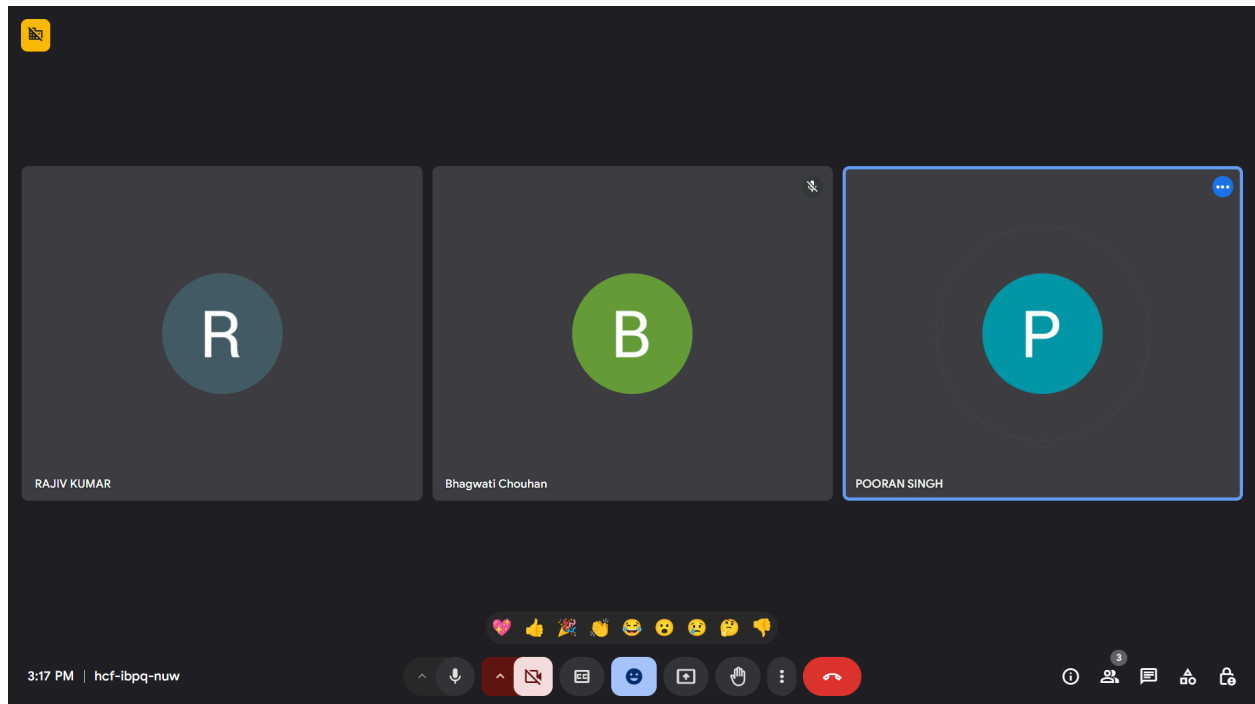

Date:29/10/2024

In Google meet , we got a brief introduction of ourselves and discussed the project by analyzing what we know and how we can make best use of whatever we have learnt to work among us and set the deadline for ourselves till the last meet to monitor progress.

Meeting duration : 30 Minutes (6:00PM - 6:30PM)

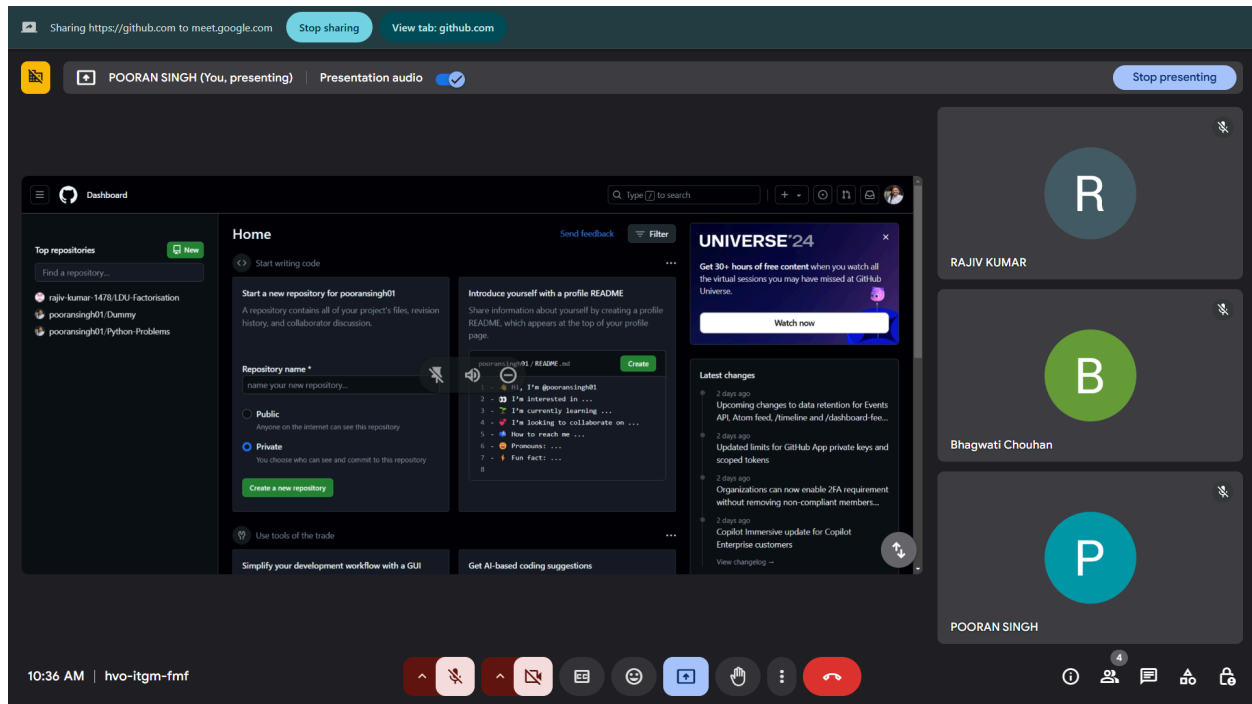

Date:4/11/2024

In this Google meet , we have analyzed work done till now and solved minor errors that were occuring and started working on the next part of the project that is core of the project by writing javascript and this needed us to get fluency in javascript. So, we have set a 5 days deadline to complete javascript.

Meeting duration : 30 Minutes (3:00PM - 3:30PM)

Date:10/11/2024

In this Google meet , we have analyzed work done till now and gave final touch to whatever work we've done . We were unable to use the loop. So , we have done only html and css and created a repo to upload all work done by us on it.

Meeting duration : 20 Minutes (10:30AM - 10:50AM)
